PERFIL PROFESIONAL

Full Stack Web Developer with 3 years of experience as a freelancer developing modern and efficient digital solutions. Advanced knowledge of technologies such as JavaScript, React, NextJS, Node, and PostgreSQL. Currently an 8th-semester student of International Business and Finance, with a strong interest in integrating technology into the financial sector. Committed to quality, continuous learning, and constant improvement.

PROFESSIONAL EXPERIENCE

Freelance Web Developer

April 2022 - Present

- Developed 5+ end-to-end web projects for clients in Colombia and abroad, including internal management platforms, corporate websites, and informational pages.
- Notable work: Rise Admin Dashboard (inventory & sales management) and the corporate website for GS Construction Group (New York).

Software Technician — WorldCell

February 2021 – January 2022

- Diagnosed and repaired software on mobile devices.
- Provided customer support and resolved technical issues.

CERTIFICATIONS

Over 8 certifications in Full Stack Web Development obtained from leading platforms such as Udemy, DevTalles, and Capacítate para el Empleo. Training includes Front-end, Back-end, Modern JavaScript, TypeScript, React MERN, NextJS, Laravel, and Astro Framework.

All certifications are verifiable through my online portfolio.
